

# Candidate Zephyr Teachout D-NY-19

## ZEPHYR'S STRONG RECORD

### **On Expanding Benefits:**

Zephyr Teachout will fight to expand — never cut — Social Security benefits, to ensure that we can all live and retire in dignity.

### **On Scrapping the Cap:**

Advocating for the wealthy to pay the same rate into the Social Security system as the rest of us, so we can expand earned benefits for seniors and extend them for decades.

### **On Privatization:**

Fight the efforts to privatize Social Security and turn it over to the ups and downs of the stock market.

### **On Raising the Retirement Age:**

Campaigning to stop discriminatory proposals to raise the retirement age that would force workers to put in more hours for fewer benefits.
